

PDA Europe Polyurea Applicator Spray Course

· 4-7 th October, UK ·

Time: 9:00h Monday 4th to 17:30h Thursday 7th October 2010

Location: The course will be held at the RENOCON facilities in England.

*Renocon Ltd
Anchor Wharf
Yeo Street, Bow E3
England*

Prices:

PDA Europe members: 1.400 EUR
Non-members: 1.700 EUR

Transportation: Please be advised that you are responsible for transportation to and from the spray course facility.

This course identifies the many elements involved in the successful set up and operation of polyurea spray equipment. It also gives attendees an in-depth analysis of commercially available equipment designs and necessary hardware components to ensure successful operation and spray application of polyureas.

Accommodation: Near-by hotel Ibis is recommended to participants - you may select the reservation when filling in the registration form for the course.

The course duration is four full days, runs from 9:00 a.m. to 5:30 p.m. and includes lunches every afternoon and one diner.

Registration:

Registration is open on www.pda-europe.org, and it requires filling in the registration form and faxing it back to PDA Europe. Payment is done by credit card. Registration will be done on a first come, first served basis due to the limited

We limit the class to 20 people so everyone may operate the equipment and participate in the open discussions. You learn from the instructors and from each other.

***VERY IMPORTANT** – Attendees are responsible for bringing a ½-face organic cartridge respirator. A full-face respirator will be provided for use while spraying.

Impressions from previous PDA Europe Spray Courses...

"Polyurea, the next generation"

"The applicator spray course has greatly helped in the delivery of PDA Europe's message of quality in application of polyurea".

"Confident it will help alleviate any potential problems BEFORE they happen"
